SIGNALIZATION SOLUTIONS

KONE KSS 280

Car Signalization

Car Operating Panel (COP)

This functional new signalization family for residential buildings combines clear and simple features, good visibility, and easy accessibility with a sophisticated design.

The KSS 280 signalization family features durable finishing with hairline stainless steel surfaces and alphanumeric LCD displays.

The Car operating panel (COP) in the elevator car and the landing devices are surface mounted.

Key Features

- Durable finishing with hair line brushed stainless steel surface
- High-contrast display with segmented LCD for alphanumeric character display (COP & Landings)
- 7 segment LCD option for landing (LCI only)
- Pin code operations

Large, clear landing call buttons for ease and convenience.

KONE provides innovative and eco-efficient solutions for elevators, escalators and automatic building doors. We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life-cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace®, KONE ManiSpace™, and KONE InnoTrack™. You can experience these innovations in architectural landmarks such as the ALDAR Properties Headquarters in Abu Dhabi, the Marina Bay Sands resort in Singapore and the Red Apple building in Rotterdam.

KONE employs approximately 35,000 dedicated experts to serve you globally and locally in over 50 countries.
