

Dedicated to People Flow™

TOUCH SIGNALIZATION SOLUTIONS

# KONE Touch Signalization

# KONE Touch signalization for passenger elevators

KONE Touch Signals use Advanced capacitive touch technology. The touch elements do not contain mechanical moving parts thus there is no wearing out of these parts.

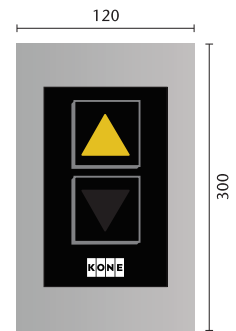

Direct digital printing is used on the glass panel which improves accuracy of printing.

# Car Signalization

## Car Operation Panel (COP)

## Landing Call Station (LCS)

KONE provides innovative and eco-efficient solutions for elevators, escalators and automatic building doors. We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace® KONE MaxiSpace™, and KONE InnoTrack™. You can experience these innovations in architectural landmarks such as Capital City in Moscow, Hongqiao Transport Hub in Shanghai, North LaSalle in Chicago and Tour First in Paris. KONE employs on average 40,000 dedicated experts to serve you globally and locally in over 50 countries.
